TWO SIDED

A mattress built with two sides of comfort quilting and upholstery layers. Extend the comfort life by flipping every three months.

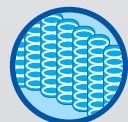

GEL POLY FOAM

The comfort of foam enhanced with the stabilizing and initial cooling properties of gel.

MEMORY FOAM

A revolutionary high-density foam that adapts to weight and body temperature for maximum comfort and motion reduction.

POCKET COIL

A premium coil system featuring individually wrapped response support coils that reduce motion transfer.

ADJUSTABLE FRIENDLY

A mattress compatible with an adjustable base. Controls comfort and support with personalized positions for sleeping, watching TV, or reading. Can also reduce snoring and acid reflux.

FOUNDATION

Standard 9" profile or 5" low profile. Solid wood base that extends the life and improves the performance of the mattress.
