ProForm® Sport 3.0 Treadmill

Short Description:

Start your fitness journey with the ProForm® Sport 3.0 Treadmill. Join elite personal trainers for dynamic training options with a 30-day, full-access membership to iFIT®. The 5" high-contrast display is extremely clear, making it easy to check your stats during your iFIT workout. When you're finished with your workout, simply fold up the deck to create more room with the SpaceSaver® design.

Features:

iFIT® Bluetooth®§ Enabled, 30-Day Membership Included*

No need to find time to go to the gym anymore! With a 30-day membership to iFIT®, you'll have full access to our ever-growing library of workouts. Simply connect your phone or tablet via Bluetooth® and follow our elite trainers as they lead you through workouts on and off your machine and in stunning destinations around the world. The trainers also control your incline and speed, so all you have to do is hit 'Start' and get moving.

§Machine connects to tablet via Bluetooth® and does not contain Bluetooth audio speaker.

*iFIT experience shown. Internet and Wi-Fi required. iFIT membership activation requires credit/debit card and auto-renews for fee. Cancel at anytime.

5" High Contrast Display

As you power through your iFIT workout, you can easily keep an eye on your workout stats, including your mileage, speed, calorie burn, heart rate, and time add up, with the 5-inch high-contrast display.

Self-Cooling 2.0 CHP Mach Z™ Motor

Whether you want to run, jog, or walk, this self-cooling 2.0 CHP Mach Z™ motor can handle it all. Its high levels of inertia create a smooth workout experience while still maintaining low levels of volume.

16" x 50" Tread Belt

With a 50-inch deck, you'll have room to walk, jog, and run without feeling confined and the 16-inch width gives you plenty of elbow room as you work out. To ensure our treadmills are top quality, we test each belt for one million cycles at double the user weight before release.

QuickSpeed® Buttons for Speed and Incline Adjustments

Adjust the speed and incline of your workout in an instant. Located right on the console, QuickSpeed® buttons make it easy to adjust your intensity. At the touch of a button, you can quickly switch between climbing hills and cooling down at the end of your workout.

0 – 10 MPH Speed

With its powerful motor, this machine can take you all the way from 0 to 10 miles per hour. The built-in efficiency booster lets you run every day without using excessive amounts of electricity.

0 – 10% Incline

The Sport 3.0 lets you move between 0 and 10 percent incline so you can use incline training to increase your stamina and condition your legs.

ProShox™ Cushioning

Every treadmill we release is equipped with cushioning throughout the deck area. So as you walk, jog, or run, you'll have a softer landing with every step. This means you can get in longer workouts with faster recovery times.

1.6" Balanced Rollers

We know that a quality product is all about the details, which is why we've built this treadmill with 1.6-inch precision-machined, balanced, non-flex rollers. These medium-sized rollers decrease tension, which keeps wear and tear to a minimum so your machine will last for miles to come.

SpaceSaver® Design

The SpaceSaver® design makes it easy to bring high-powered workouts right into your home. This design lets you fold the deck up and out of the way after your workout for a simple home storage solution.

Audio Auxiliary Port with Dual 2" Speakers

Experts have learned that we increase or decrease our pace to match the tempo of our tunes, which is why we put two speakers in the console. Plus, music has also been proven to lower perceived exertion. Simply plug in your device using the audio auxiliary port and turn up the music during your workout.

275 Lb. Weight Capacity

Built with most users in mind, the Sport 3.0 treadmill accommodates up to 275 pounds.

Warranty

We want to help you protect your investment. That's why we try to go above and beyond with our product warranties. The Sport 3.0 is protected with a 5-year frame warranty and a 90-day parts and labor warranty.
