## **ProForm® Power T7L Treadmill**

### **Short Paragraph:**

Immerse yourself while you train with elite trainers around the world with iFIT on the ProForm Power T7L treadmill. Follow your trainer and watch your workout progress on the 7-inch touchscreen. With a self-cooling motor and built-in ProShox™ cushioning, you'll have the power and comfort you need to reach your fitness goals. And when you finish your workout, you can fold up the treadmill deck using the SpaceSaver® design for a convenient home storage solution.

### **Features:**

#### **iFIT® Enabled, 30-Day Membership Included<sup>◇</sup>**

No need to find time to go out to work out anymore! With an included 30-day membership to iFIT, you'll have full access to our ever-growing library of workouts. Simply connect your own phone or tablet via Bluetooth® and follow our elite trainers as they lead you through workouts on and off your machine and in stunning destinations around the world. The trainers can also control your incline and speed, so all you have to do is hit 'Start' and get moving.

<sup>◇</sup>iFIT experience shown. Wi-Fi and Internet required. Credit/debit card required. After 30 days, iFIT Family membership auto-renews annually for fee unless cancelled in advance. Cancel at any time.

#### **7" HD Touchscreen Display**

Follow personal trainers through beautiful destinations right on your console with the pivoting 7-inch touchscreen. With the swipe of a finger, you can also access all of your workout stats so you can keep an eye on your progress.

#### **Self-Cooling Mach Z™ Motor**

Whether you want to run, jog, or walk, this self-cooling Mach Z™ motor can handle it all. Its high levels of inertia create a smooth workout experience while still maintaining low levels of volume.

#### **18" x 50" Tread Belt**

Because your in-home workout experience should be a comfortable one, ProForm designed a tread deck that won't make you feel confined as you walk, jog, and run. The 50-inch length gives your legs room to get moving. And the 18-inch width allows your upper-body comfortable elbow room. To ensure our treadmills are top quality, we test each belt for one million cycles at double the user weight before release.

#### **0 – 10 MPH Speed**

With its powerful motor, this machine can take you all the way from 0 to 10 miles per hour. The built-in efficiency booster lets you run every day without using excessive amounts of electricity.

### **0 – 10% Incline**

The Power T7L lets you move between 0 and 10 percent incline so you can use incline training to increase your stamina and condition your legs.

### **QuickSpeed® Buttons for Speed and Incline Adjustments**

Adjust the speed and incline of your workout in an instant. Located right on the console, QuickSpeed® buttons make it easy to adjust your intensity. At the touch of a button, you can quickly switch between climbing hills and cooling down at the end of your workout.

### **ProShox™ Cushioning**

Every treadmill we release is equipped with ProShox™ cushioning throughout the deck area. So as you walk, jog, or run, you'll have a softer landing surface for every step. This means you can get in longer workouts with faster recovery times.

### **SpaceSaver® Design**

The SpaceSaver® design makes it easy to bring high-powered workouts right into your home. This design lets you fold the deck up and out of the way after your workout for a simple home storage solution.

### **Audio Auxiliary Port & Dual 2" Speakers**

Experts have learned that we increase or decrease our pace to match the tempo of our tunes, which is why we put two 2" speakers in the console. Plus, music has also been proven to lower perceived exertion. Simply plug in your device using the audio auxiliary port and turn up the music during your workout.

### **Integrated Device Shelf**

Make fitness time multi-tasking time. This device shelf keeps your device secure and conveniently close so you have access to all your training tools and entertainment must-haves, including your immersive iFIT workouts

### **1.6" Precision-Balanced Rollers**

We know that a quality product is all about the details. That's why we've built the Power T7L with precision-machined, balanced, non-flex rollers. These decrease tension, which keeps wear and tear to a minimum. You'll also notice less noise and better grip..

### **300 Lb. Weight Capacity**

Built with most users in mind, the Trainer 9.0 treadmill accommodates up to 300 pounds.

### **Warranty**

The Power T7L is protected with a 10-year frame warranty, a 1-year motor warranty, and a 1-year parts & labor warranty.
