

24" Dual-Stage Snow Blower

**Class
Leading
Feature!**

- **Briggs & Stratton CR950 208cc Winter Engine with Electric / Manual start.** This Winter Engine was redesigned to specifically withstand the cold temperatures to provide optimum performance in all cold weather conditions.
- **Self-Propelled Drive** with 4 Forward and 2 Reverse speeds
- **SES™ Simultaneous Engagement System**
Patented design makes full radius turns effortless.
- **21" Cut Depth** throws snow up to 40'
- **Deflector Adjustment Control Lever** is conveniently located on the dashboard for easy access while clearing snow.
- **Super Bright LED Light** located on the dash to increase visibility in all conditions.

SES
DRIVE

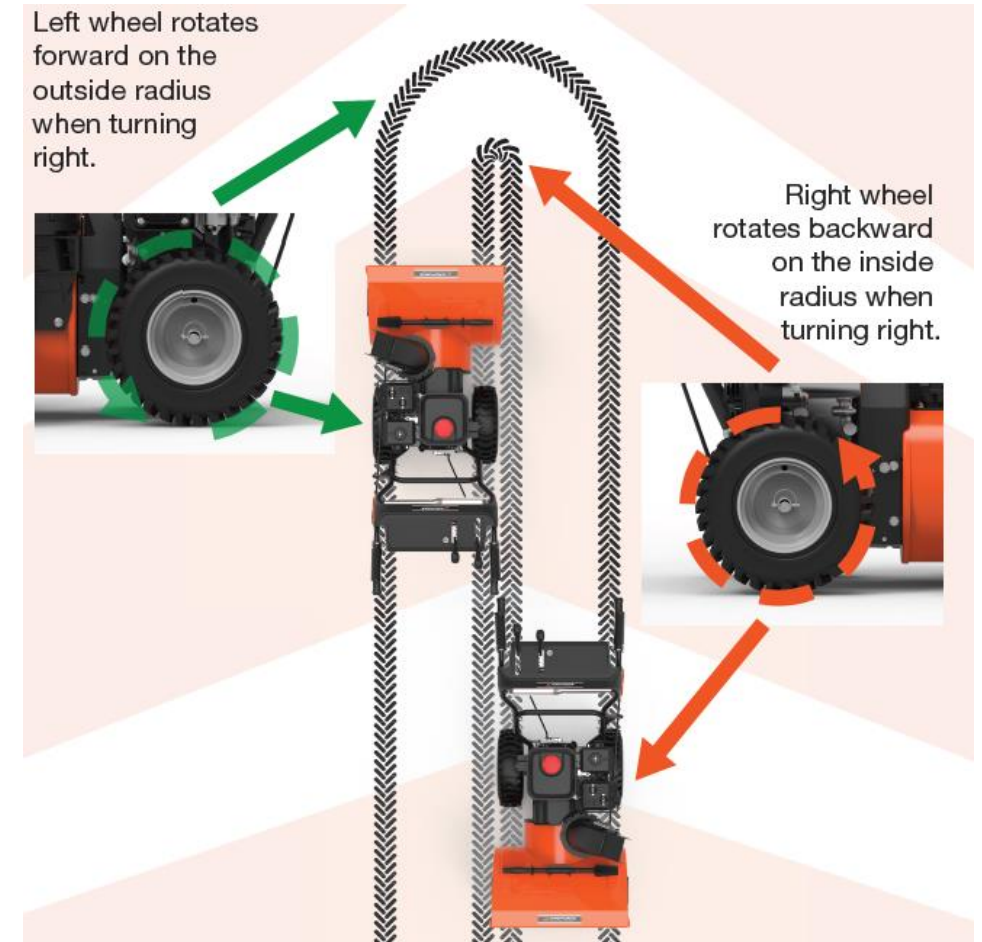

YF24-DS21-GSB2

What is SES Drive?

- Simultaneous Engagement System
- Makes turning and guiding your snow blower easier on tight radiuses when making turns at the end of a run
- Left wheel rotates forward on the outside radius when turning right while the right wheel rotates backward on the inside radius when turning right
- Yard Force Patented and Exclusive technology
